

# PDH Screening Question Marketing Tools

♠ To facilitate asking the Deployment-Related Question, posters and wallet cards can be placed in Primary Care Clinics

Wallet Card

**DoD Deployment Health Card**  
*Is your condition due to deployment?*

You will be asked this question each time you come for a health concern no matter if you are active duty, retired, family member or veteran.

We ask this question so we can recognize deployment-related health issues early and take steps to protect you and others who might have similar concerns.

Tell your provider if your health issue seems related to a current or past deployment. If your provider doesn't ask you if your health issue is deployment-related, please remind him or her during your visit.

**Steps to Getting Deployment Related Help**

**STEP 1** Call or visit your medical place of care for questions, concerns or symptoms you think may be related to a deployment.

**Primary Care**

**STEP 2** If you have concerns or symptoms, your regular primary care provider will provide an initial assessment and other assistance.

**Referral**

**STEP 3** If symptoms persist or your health does not improve, referral to another specialist may be necessary.
